

This event is

**bullfrogpowered**TM

with 100%
green electricity.

Who is Bullfrog PowerTM?

Bullfrog Power is Ontario's first 100% green electricity retailer.

What does it mean to be bullfrogpowered?

This event is bullfrogpowered with 100% green electricity. That means Bullfrog Power will inject green power onto the Ontario electricity grid to match the amount of power used by this event.

How is Bullfrog Power generated?

All of Bullfrog Power's electricity comes from emission-free wind and low-impact water power generation sites here in Ontario that have met Environment Canada's EcoLogo^M standard for renewable power.

Why is being bullfrogpowered important?

Electricity generation is the largest industrial source of air pollution in Ontario. So when organizers chose to bullfrogpower this event they took an important and meaningful step to help clean up the air and leave a healthier environment for our communities, our families, and future generations.

Can I switch my home to Bullfrog Power?

Yes. You can make the choice to support green power too, simply by signing up online for Bullfrog Power at bullfrogpower.com.

bullfrogpower.com

Bullfrog Power sources electricity from wind and low-impact hydro producers who meet or exceed the federal government's EcoLogo^M standard for renewable energy.
